Com, Mangalore City

Submits for sanction a copy of the resolution of the Muni Council, stating that underground cable ornamental Street lights of 400 C P may be for the present, be installed on either side of the roads specified and that Govt be requested to grant the Mangalore City Muni Council on a footing of equality with the Mysore City Muni Council in the matter of payment of royalty on the lights of the above description to be installed on the said roads and to bear the excess portion of charges over and above the ordinary royalty payable by the Muni Council thereon.

In G.O. no 26452-4/ Tel 161-22-4 and of the 14th April 1926 the following arrangements in regard to the apportionment of charges between the Mysore City Muni Council and the General Administration for the installation and maintenance of several kinds of electric lights in the Mysore city were sanctioned by Govt for a period of ten years with effect from 1st July 1926

- 1) A flat rate of Rs 22-8-0 per annum may be charged to the Muni Council for all overhead lamps (40 and 60 C P, with old ones and future extensions)

- 2) ^{For} all ornamental lamps, put up -
at the instance of the Muly, a
charge of Rs 20/- per 60 C P per annum may be charged
- 3) For all other ^{ornamental} lamps installed at the instance of Govt, the Muly may be required to pay such -
road charges calculated at the rate levied for ordinary lights and for the no of lamps with which such roads would have been supplied according to the General plan of City lighting and
- 4) All Capital, Operation and Maintenance charges will be borne by the Electrical Dept

2 In the same order a flat rate of Rs 22-80 per annum was made applicable to the Bangalore City Muly for all overhead lamps of 40 & 60 C P

3 On the protest of the Bangalore City Muly Council in regard to the levy of the above flat rate, Govt were pleased to direct that among other matters all high candle power ornamental lamps be charged at Rs 22-80 per each 60 candle power. This rate was also made applicable to the Mysore City also (see

4 From the altered arrangement sanc-
tioned in the G.O. of 14th March 1927,
~~the Municipal Council~~ the City Council
stand on the same footing in respect
of charges for ornamental lights and
that the concession allowed to the Mysore
City Council in respect of ornamental lights
referred to para 1 (2) & (3) ~~supra~~ seems to
have been unknown

If approved the Chief Electrical
Eng^r may be consulted in the matter

11/4/27

In Memo of 16-4-26 there is a
direction that the charges for the
use of ornamental lights put up
in the Mysore Municipal area at
the instance of Government be borne
by Govt. The G.O. of 14th March by
fixing the rates of charges for lighting in
the two cities makes no mention of this
concession. The point was not raised in
the file either. There was no necessity
to raise the point, however, as the
rates were a matter entirely between the
Elect Dept and the M.C. and the ^{concession} ~~concession~~

was not involved in the decision. The arrangement of Govt meeting the extra cost in the case of the lights put up at their instance ^{in the Municipality} must therefore be considered to be in force. As the concession is shown in Municipality it seems fair to show it at Bangalore City also. The cost is likely to be about Rs 200 per light per annum.
